

Chicken Shack Restaurant

Civil Engineering

LOCATION:
Corpus Christi, TX

CLIENT:
Innovative Construction

RVE ROLE:
Project Manager

Project Description: RVE, Inc. performed a topographic survey for a new fast food restaurant site. RVE prepared a site plan for parking, a drive through service land and general traffic routing. Provisions for ADA parking and sidewalks were included. RVE prepared a paving grading plan with storm water discharge into an on-site detention facility to meet TxDOT design standards. The design included

extending water and wastewater utilities to serve the new building. Included in site work design were sidewalks and accessible ramps.

Services Provided:

- Topographic Surveying
- Site Plan
- Paving Plan
- Drainage Plan
- Utility Plan
- TxDOT Coordination
- Detention Design
