LOCATION:
Corpus Christi, TX

CLIENT:
BNL Saratoga, LTD

RVE ROLE:
ALTA/ACSM Survey

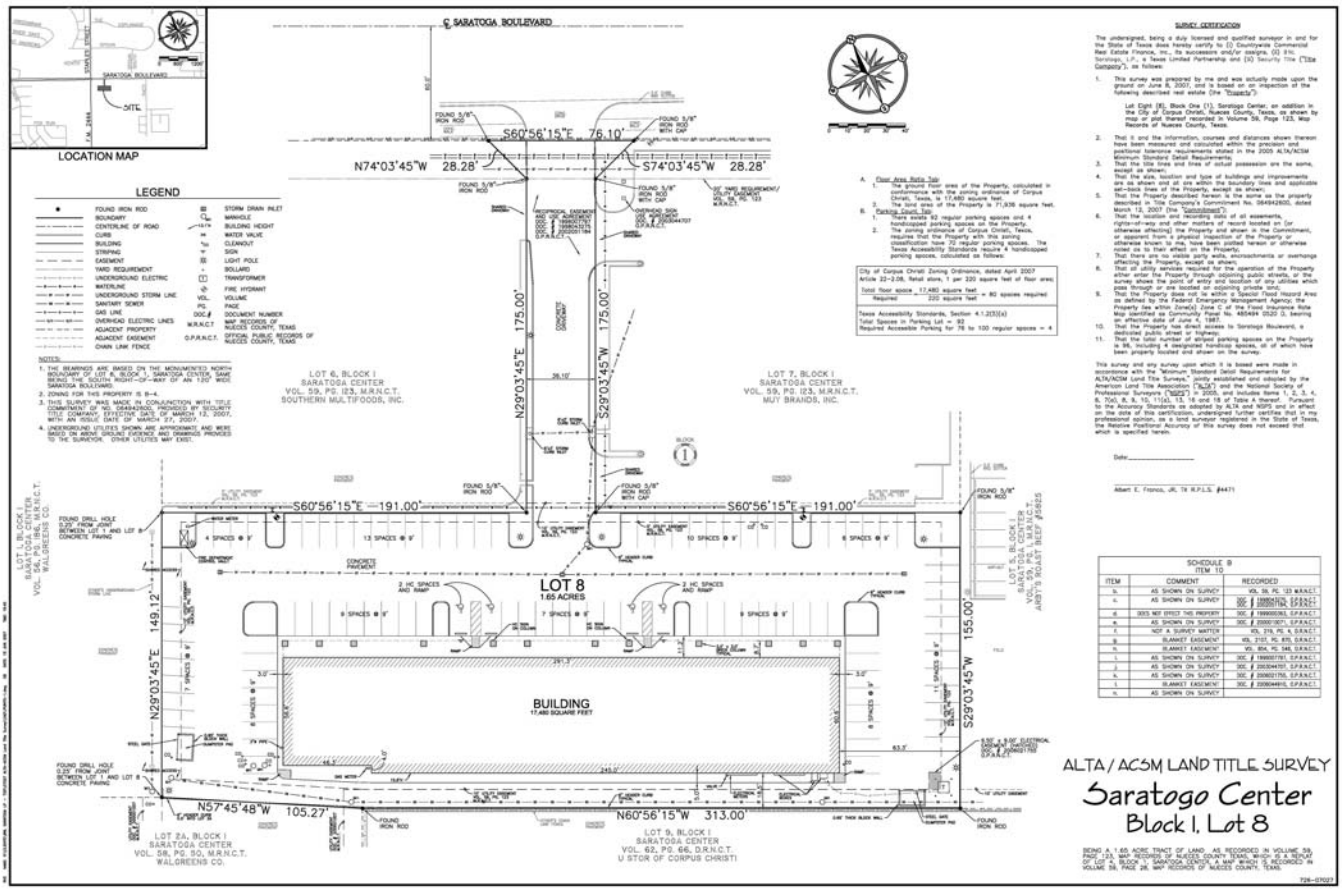
Saratoga Center

ALTA/ACSM Survey

Project Description: Upon completion of construction of a 17,400 square foot commercial retail shopping center along Saratoga Boulevard in Corpus Christi, our client requested an ALTA survey to document all the improvements.

This survey, complete with a signed and sealed surveyor's certificate, insured lenders the property was constructed and was built to meet their requirements.

This survey involved delineating the building footprint, concrete improvements, number of parking spaces, utilities serving the facility, utility easements, and a shared access agreement with neighboring lots.



Services Provided:

- Boundary survey for commercial shopping center.
- Location of all improvements on the property.
- Location of all parking spaces serving the property.
- Location of all utilities serving the property.
- Signed and sealed drawing of property.
